Searching for past articles in Weekly Update: Weekly Update readers often remember seeing a past article or announcement that they would like to retrieve – but are unable to recall the date of the Weekly Update in which the article or announcement was published.

CMHA has now added a search feature to its website that allows the readers to search within past Weekly Update articles and announcements. This search feature can retrieve articles by key words in the title of the Weekly Update article/announcement. This feature also brings up any other resources, anywhere on the CMHA website, with that key word in their title – a useful feature given that sometimes the CMHA member or stakeholder is unclear as to the source of the information for which they are searching.

This Weekly Update search feature is accessed via the standard “search” box on the CMHA website: <https://cmham.org/> at the top right side of the website.

We hope you find this new feature useful in making the most of the information captured by the Weekly Update.

Note: To aid Weekly Update readers in finding the newest resources, those Weekly Update articles that are new are noted as “**New!**” in the table of contents and in the body of the document.

State and National Developments and Resources:

MDHHS announces public forums on system design

You are receiving this email based on your interest in the future of the public behavioral health system within the state of Michigan.

Earlier this month, Michigan Department of Health and Human Services (MDHHS) Director Robert Gordon spoke to legislators about the MDHHS vision for the future of the state’s public behavioral health system. He spoke about the strengths of Michigan’s behavioral health system as well major challenges the system faces and the values we want to keep in the forefront as we move toward the future of behavioral health system reform. Director Gordon also reviewed key design elements of a future, improved system. In case you missed it, you can find the Director’s full remarks, slides, and supporting materials at www.Michigan.gov/futureofbehavioralhealth.

To continue the conversation, MDHHS is hosting public forums around the state to provide **individuals and families served** by our specialty behavioral health system a chance to ask questions and provide feedback on this vision for the future.

MDHHS will host five forums in early 2020, including four in-person events and one virtual forum. All events will be hosted from 5:00-6:30 p.m. Registration is not required, but strongly encouraged to help us best prepare for the events. You can find the links to register for each event below:

Register for **Marquette** on January 22 [here](#)

Register for **Saginaw** on January 30 [here](#)

Register for our **virtual forum** on February 6 [here](#)

A flyer with the full schedule of forums is also attached. We would appreciate your help spreading the word, especially to people and families served. You can also find updates and the most recent information on our website: www.michigan.gov/FutureOfBehavioralHealth.

We hope these forums will be a valuable opportunity to hear from the most important stakeholders in our system—the people we serve.

Learn more at: <https://www.michigan.gov/futureofbehavioralhealth>

Send your thoughts to: MDHHS-FutureOfBH@michigan.gov

New! Michigan State Loan Repayment Program 2020 Application Period Update

The Michigan State Loan Repayment Program (MSLRP) assists employers in the recruitment and retention of medical, dental, and mental health primary care providers who continue to demonstrate their commitment to building long-term primary care practices in underserved communities designated as Health Professional Shortage Areas (HPSAs). MSLRP will assist those selected by providing up to \$200,000 in tax-free funds to repay their educational debt over a period of up to eight years. Participants compete for consecutive two-year MSLRP agreements requiring them to remain employed for a minimum of 40 hours per week for no less than 45 weeks per year at eligible nonprofit practice sites providing primary healthcare services to ambulatory populations. Providers must remain with the employers who sponsor them during their two-year agreements, and employers must continue to employ the providers they sponsor during their two-year service obligations.

The MSLRP application process is very competitive. Providers and employers serious about successfully competing for a loan repayment agreement will need to carefully read the attached [MSLRP Application Period Update](#) the entire [MSLRP website](#), as it is updated for the current application period, including the Participant Information and Requirements sections, as well as the instructions on all required application forms.

2020 Application Period: February 3 through February 7, 2020 Postmarks Only

HPSA-Find Address and County Documentation Required for All Practice Site

Rural Health Clinics Not Approved as NHSC Practice Sites Must Submit NHSC-Compliant Sliding Fee

Schedule and Policy

Top Priority Applicants for 2020 Application Period

- Inpatient Pediatric Psychiatrists
- Genesee County Applicants
- Please Note: Genesee county applicants remain a top priority, but employers will now be required to make contributions equal to 20 percent of their providers' loan repayment agreements
- Northern Obstetric Service Providers:

Please Note: For providers other than OB/GYN physicians and certified nurse midwives (CNMs) to be considered a top priority, employers must include a signed letter with their Practice Site Applications (See below.)

Important Reminders

- Non-priority Practice Sites with HPSA Scores of 8 or Higher Treated as Priority
- Updated MSLRP Review Process
- *Workdays Away Form* Must be Submitted with *Final Work Verification Form*
- Participants Must Complete Service Obligations with Original Employers
- Employers Must Employ Participants Throughout Service Obligations

If, after reading the MSLRP Update, website, and application forms you have questions about the program, please contact Ken Miller at (517) 241-9946 or Millerk3@michigan.gov or Brittany Brookshire at (517) 284-4986 or BrookshireB1@michigan.gov.

New! MDHHS announces \$17.5 million in grant funds to combat the opioid epidemic

The Michigan Department of Health and Human Services (MDHHS) recently announced the allocation of \$17.5 million from the State Opioid Response (SOR) Grant from the U.S. Department of Health & Human Services to respond to the opioid epidemic and help meet Gov. Gretchen Whitmer's goal of cutting opioid overdose deaths by half within five years.

The funds will support services for individuals at highest risk of overdose, including offering medications to treat opioid use disorder, as well as naloxone within the criminal justice system and in emergency departments following an overdose. MDHHS will also invest in programs to help expand community-based treatment opportunities such as adding mobile care units, supporting start-up costs for new treatment services and offering student loan repayment to health care providers who offer medications to treat opioid use disorder. Finally, the grant will help continue the expansion of syringe service programs.

"This epidemic is hurting families in every community in our state and we need to use every tool in the toolbox to address it," said Whitmer. "These efforts will help move us closer to our goal of cutting the number of opioid deaths in half in five years."

These efforts will offer new targeted programs within MDHHS's strategy of prevention, treatment and harm reduction. An application was submitted to the federal Substance Abuse and Mental Health Services Administration to approve this use of the funds; services will begin upon approval.

"We cannot tackle this epidemic alone," said Dr. Joneigh Khaldun, MDHHS chief medical executive and chief deputy director for health. "Providing communities and medical providers with tools and resources to fight this crisis is critical to our efforts to end this public health crisis."

Through these funds, MDHHS is working to address racial disparities in opioid overdose deaths. In 2018, death rates rose by nearly 20 percent for African American Michiganders, while falling by 5 percent for Caucasian residents. Increases in deaths in Wayne and Genesee counties accounted for much of this disparity. MDHHS will work closely with local partners to support new services in these counties, as well as support community outreach to aid local response efforts, make connections to treatment resources and fight stigma.

The breakdown of funds is as follows:

Program	Budget
Naloxone distribution to high-risk areas and populations	\$4.5 million
Medications to treat opioid use disorder in emergency departments	\$4 million
Medications to treat opioid use disorder in jails	\$3 million
Syringe service programs	\$2 million
Mobile care units	\$1.7 million
Loan repayment for providers beginning or expanding medication-assisted treatment	\$1.25 million
Outreach to increase providers offering medications to treat opioid use disorder	\$410,000
Data-driven overdose response efforts	\$235,000
Start-up costs for new treatment services	\$235,000
Community engagement in majority-minority communities	\$200,000
TOTAL	\$17.5 million

These new projects will build on work already underway through the SOR grant. In the grant's second year, which began Oct. 1, nearly \$28 million was allocated to prevention, treatment and recovery support efforts that include offering local prevention programs, promoting safer prescribing practices, increasing access to medication-assisted treatment, funding individual treatment costs, recovery housing and distributing naloxone.

For more information about the state's opioids response and available resources, visit Michigan.gov/opioids.

New! Director of Michigan ORR John Sanford to retire

After overseeing the Office of Recipient Rights for 34+ years, Director John Sanford is retiring!!

3rd Floor Large Conference Room

New! MDHHS issues Request for Proposals for juvenile justice diversion pilot programming

The Michigan Department of Health and Human Services (MDHHS), in partnership with the Mental Health Diversion Council (MHDC), has issued a Request for Proposals (RFP) for public and private non-profit organizations to provide community-based programming designed to promote juvenile justice diversion. The MDHHS and MHDC are seeking applicants to provide evidence-based/evidence-informed practices to children and youth who are at risk for juvenile justice involvement but have not been adjudicated. This is an effort to promote juvenile justice diversion, allowing youth to avoid the judgement process within the juvenile justice system and/or authorization of a delinquency petition.

“Juvenile diversion is an opportunity to redirect youth from formal processing in the juvenile justice system,” said Dr. Debra Pinals, MDHHS medical director for Behavioral Health and Forensic Programs and appointee to the MHDC. “It’s an opportunity to set at-risk youth on a new path with the goal of reducing repeat offenses and building alternatives to help them develop better and safer outcomes for all.”

This RFP is designed to promote juvenile justice diversion as part of the work of the juvenile justice subcommittee of the Mental Health Diversion Council (MHDC), specifically related to the goal to “strengthen and expand preemptive diversion by fostering community support services” and support “oversight and implementation of statewide pilot initiatives and administering best practices through data collection” outlined in their Diversion Strategies Action Plan. Funding for these initiatives is provided through MHDC funding and MDHHS general fund appropriations.

Funded applicants will work with MDHHS, MHDC and a data and evaluation team specific to this project. The total amount allocated for this program is up to \$750,000 per fiscal year, with individual award amounts varying based upon project scope and need, up to a total of \$1.5 million for the program over a three-year period. First year projects will receive funding April 1, 2020 through Sep. 30, 2020, with the intention to renew projects annually through Sep. 30, 2022 subject to project performance and funding availability.

Grant applications must be submitted electronically through the MI E-Grants program by Feb. 11 at 3 p.m.

For more information or to apply, visit the [MI E-Grants website](#) and select "About EGrAMS" link in the left panel to access the "Competitive Application Instructions" training manual. The complete RFP can be accessed under the 'Current Grants' section under the "Behavioral Hlth and Dev Dis Adm Standard" link and selecting the "JDPP-2020" grant program.

New! What Schizophrenia Does to Families

Below is an excerpt from a recent Washington Post story on the impact to persons with schizophrenia and their families.

Alissa Dumsch flips through her high school yearbook, pausing on a photo of a hulking young man with sandy hair and a chiseled jaw. "There's Aaron," she says, pointing to her brother. "He was so good-looking." She turns a few more pages. "Here he is at student council. I ran every year — and I lost every year," she says, laughing. "He ran one year and, like, won by a landslide!"

We're sitting in her home in Scarsdale, N.Y., along with her parents, Anita and Pat, and her sister, Amanda. Alissa's husband quietly tapes hockey sticks in the corner while the youngest of their three boys, a toddler, waddles into the room with an oversized navy helmet teetering on his head.

Aaron is the only one missing. He knows we're here though. His parents told him. And he knows about this article; he gave me permission to write it the first time we spoke by phone, in the fall of 2018, when I explained what it would mean to share the story of his struggle with mental illness with a journalist and have his name and photo printed in a national magazine. "That would be awesome," he said. As time went by, his family and I continued to check in to make sure he still felt that way.

Pat reaches toward the coffee table and picks up a scrapbook, titled "A Superstar's Keepsake," that Alissa made decades ago to commemorate Aaron's accomplishments in high school. "Oh gosh, it makes you think," he says, studying the pages as if they were Aaron himself. "Wish you could turn back time, go back to that day and relive some of these things."

The full article can be [found here](#).

State Legislative Update:

New! Report: County Jails Holding Too Many People

Crime is at a 50-year low, yet the state's average jail population in 2016 was 16,600, nearly triple that of the 1975 average daily number of 5,700, according to a Michigan Joint Task Force on Jail and Pretrial Incarceration report released this week.

Link to report: <https://courts.michigan.gov/News-Events/Documents/final/Jails%20Task%20Force%20Final%20Report%20and%20Recommendations.pdf>

"When we first gathered in Detroit in July, we did not know enough about who was in our jails or why our jail population had expanded so dramatically when crime is at a 50-year low. And now we do," Supreme Court Chief Justice Bridget McCormack explained at a press conference unveiling the report. "We know that about 50% of our jail population are pretrial detainees and 50% are serving some kind of sentence

for an offense or a parole or probation violation. We know what law enforcement and court practices drive those populations. We know that rural jail populations, especially where there are few mental health and substance abuse services, have outpaced urban jail populations."

The task force recommended creating a "tiered statutory framework for pretrial release that presumes release on personal recognizance unless the court makes an individualized determination that the person poses a significant risk of not appearing, absconding, or causing bodily harm to another person."

The task force also found that in 2018 nearly 358,000 driver licenses were suspended for people failing to appear in court and failing to pay fines and fees. The task force recommended that license suspensions and revocations be limited to driving violations related to public safety and should not occur for failure to pay fines or fees.

Other driving offenses, like driving with a suspended license, should be reclassified as civil infractions rather than misdemeanors, the task force found.

A quarter of those entering jails had a serious mental illness, the task force found. Substance abuse also was prevalent in the vast majority of the jail population. To address that, the task force made "ambitious recommendations to deflect and divert certain individuals with behavioral health needs away from the justice system and into treatment."

The report also calls for "behavioral health crisis training for law enforcement, dispatch, and jail officers."

Speaker of the House Lee Chatfield acknowledged there will be costs to implementing the recommendations although no cost figures were included in the report. Chatfield said funding the reform would be a priority.

The report is the product of nine months of data collection which included five public hearings.

Federal Update:

New! \$200 million in CCBHC Expansion Grants Now Available Nationwide

Community Mental Health entities across the nation are now eligible to apply for Certified Community Behavioral Health Clinic (CCBHC) Expansion Grants, under a funding opportunity announcement released this week by the Substance Abuse and Mental Health Services Administration (SAMHSA).

The National Council has long advocated for increased funding for the grant program. They have also been a forceful advocate for expansion of CCBHCs to all 50 states. Not only does the \$200 million SAMHSA will make available this year represent a \$50 million increase from 2019, the funding is now available to clinics nationwide – an important step toward expanding the CCBHC model across the country.

The CCBHC program supports clinics in expanding access to a comprehensive array of mental health and addiction services in community-based settings, while improving their ability to coordinate care with other health system partners and collect and report on quality metrics.

Clinics applying for Expansion Grants are eligible for two-year grants of up to \$2 million per year. Organizations in all 50 states may apply for grants, though priority will be given to clinics in the 24 states that received CCBHC planning grants in 2016.

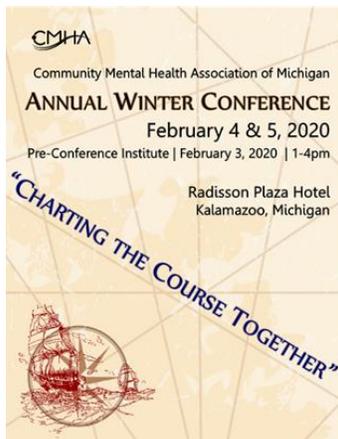

The National Council will host an informational call to provide more details about CCBHC status, training opportunities and lessons learned from prior cohorts. Stay tuned for more details and registration information.

SAMHSA has established a March 10 deadline for grant applications. Read the official SAMHSA [announcement](#) for more information on the program requirements.

Our website includes more information on [CCBHCs](#), which remain among the National Council's highest priorities.

CONTINUING EDUCATION INFORMATION:

Social Workers: This pre-conference "Building Collaboration between Psychology and Law Enforcement on Violence Indicator Recognition" course (2/3/20) qualifies for a maximum of 3 Continuing Education hours. This "Annual Winter Conference" course (2/4/20-2/5/20) qualifies for a maximum of 7 Continuing Education hours. The Community Mental Health Association is an approved provider with the Michigan Social Work Continuing Education Collaborative. Approved Provider Number: MICEC 060818.

Substance Abuse Professionals: CMHA is approved by Michigan Certification Board for Addiction Professionals (MCBAP). CMHA maintains the responsibility for the program and content. Substance Abuse Professionals participating in the pre-conference "Building Collaboration between Psychology and Law Enforcement on Violence Indicator Recognition" course (2/3/20) may receive a maximum of 3 RELATED contact hours. Substance Abuse Professionals participating in the "Annual Winter Conference" course (2/4/20-2/5/20) may receive a maximum of 9 contact hours. Some "Related" workshops may meet MCBAP/IC&RC educational requirements for focused topics in addiction certification domains. It is important that attendees keep a copy of the conference program brochure containing the workshop descriptions along with their attendance record form.

New! Registration now open for FY20 Motivational Interviewing College regional trainings

Registration is now open for the FY20 Motivational Interviewing College regional trainings which includes Basic, Advanced, Supervisory, and the TNT course: Teaching Motivational Interviewing! [For more information and to register now, click the links below.](#)

This event is sponsored by the adult mental health block grant and is intended for persons who serve adults only through the mental health and substance abuse provider network in the state of Michigan. It contains content appropriate for CEOs, COOs, clinical directors, supervisors, case managers, support coordinators, therapists, crisis workers, peer support specialists and any other practitioners at the beginning, advanced and supervisory levels of practice.

Dates/Locations:

February – DoubleTree Grand Rapids - Airport

Basic: [Monday & Tuesday, Feb. 24-25, 2020](#)

Advanced: [Monday & Tuesday, Feb. 24-25, 2020](#)

Supervisory: [Tuesday, Feb. 25, 2020](#)

April – DoubleTree Detroit – Dearborn

Basic: [Monday & Tuesday, April 20-21, 2020](#)

Advanced: [Monday & Tuesday, April 20-21, 2020](#)

Supervisory: [Tuesday, April 21, 2020](#)

Teaching MI: [Wednesday & Thursday, April 22-23, 2020](#)

July – Hotel Indigo, Traverse City

Basic: [Monday & Tuesday, July 20-21, 2020](#)

Advanced: [Monday & Tuesday, July 20-21, 2020](#)

Supervisory: [Tuesday, July 21, 2020](#)

Times:

Registration starts at 8:30am & the training will run from 9:00am-4:15pm for all trainings.

Training Fees:

\$125 per person for all 2-day trainings / \$69 per person for the 1-day Supervisory training. The fee includes training materials, continental breakfast and lunch each day.

Be sure to register as soon as possible, training space is limited and will fill up quickly!

Please be sure you're clicking on the correct registration link in the brochure for the date/location you want; unfortunately, full refunds cannot be made when registering for the incorrect date.

Registration open for FY20 DBT Trainings

2-Day Introduction to DBT Trainings

This 2-Day introduction to DBT training is intended for persons who serve adults through CMH, CMH Service Providers, PIHP, and PIHP providers in the state of Michigan who are interested in learning the theoretical underpinnings of the treatment. It will explain what the key ingredients are in DBT that make up its empirical base. A basic overview of the original DBT skills will be covered along with how to structure and format skills training groups. This training is targeted toward those who are new to DBT with limited experience and who are looking to fulfill the pre-requisite to attend more comprehensive DBT training in the future.

Dates/Locations:

- March 30-31, 2020 – Hilton Garden Inn Lansing West | [CLICK HERE](#) for more information and to register now
- April 14-15, 2020 – Great Wolf Lodge, Traverse City | [CLICK HERE](#) for more information and to register now

Who Should Attend?

This event is sponsored by the adult mental health block grant and is *only intended for persons who serve adults through CMH, CMH Service Providers, PIHP, and PIHP providers in the state of Michigan.* This

seminar contains content appropriate for medical directors, clinical directors, case workers, supports coordinators, and other practitioners at all beginning level of practice.

Training Fee:

\$125 per person. The fee includes training materials, continental breakfast and lunch for both days.

5-Day Comprehensive DBT Trainings

- This training is designed for CMH, CMH service providers, PIHP, and PIHP service provider staff who are directly responsible for delivering DBT.
- Due to the fact DBT is a comprehensive treatment that treats high-risk individuals, one's core training ought to be comprehensive as well.
- IT IS EXPECTED THAT ALL PARTICIPANTS WILL MAKE A FULL COMMITMENT TO ATTEND ALL 5 DAYS mindfully and will participate fully in discussion, role-plays and complete daily homework assignments.
- Participants are asked to bring a copy of "Cognitive Behavioral Treatment of Borderline Personality Disorder" by Marsha Linehan, PhD, with them to the training.
- COMPLETION OF A 2-DAY INTRODUCTION TO DBT TRAINING OR EQUIVALENT IS A PRE-REQUISITE FOR ATTENDING THIS TRAINING.
- This is NOT a training that teaches DBT skills. There will be very little focus on DBT skills. The majority of the focus of this training will be to help clinicians on how to conduct individual DBT sessions. If your goal is to come to this training in order to learn DBT skills, do not attend. By attending, you understand and consent to knowing this ahead of time.

Dates/Locations:

- May 18-22, 2020 – Holiday Inn Grand Rapids Airport West | [CLICK HERE](#) for more information and to register now
- June 8-12, 2020 – Park Place Hotel & Conference Center, Traverse City | [CLICK HERE](#) for more information and to register now

Who Should Attend?

This event is sponsored by the adult mental health block grant and is *only intended for persons who serve adults through CMH, CMH Service Providers, PIHP, and PIHP providers in the state of Michigan.* This seminar contains content appropriate for medical directors, clinical directors, case workers, supports coordinators, and other practitioners at all beginning level of practice.

Training Fee:

\$250 per person. Fee includes training materials, continental breakfast and lunch for 5 days.

Save the Date: Self-Determination Conference

This conference will broaden and deepen your understanding of the crucial elements of Self-Direction and the importance of Self-Determination in Behavioral Health. It will provide training and technical assistance on the topics of Effective Person-Centered Planning, Independent Facilitation, Supported Decision-Making, Fiscal Intermediaries, How to Structure Self-Directed Service Arrangements, Budget Development, and more. Dynamic presenters and speakers will reenergize your commitment to the principles and practice of Self-Determination!

Date & Time:

Location:

May 5, 2020
8am – 5pm
Lansing, MI 48933

Lansing Center
333 E. Michigan Ave.

Who Should Attend?:

This conference contains content tracks appropriate for all individuals who receive services, family members, case managers, supports coordinators, clinicians, CMH administrative and clinical staff, providers, HCBS and waiver coordinators, fiscal intermediaries and independent facilitators.

Registration available soon, check [CMHA website](#) for more information and updates.

New Dates: Ethics for Social Work & Substance Use Disorder Professionals & Psychologists Trainings

Community Mental Health Association of Michigan is pleased to offer Ethics for Social Work & Substance Use Disorder Professionals & Psychologists Trainings presented by Tom Moore, LMSW, LLP, CCS, Owner and Principal, Two Moons, LLC.

This training fulfills the Michigan Social Work Licensing Board's requirement for licensure renewal for ethics.

This training fulfills the MCBAP approved treatment ethics code education – specific.

This training fulfills the MPA requirements for psychologists.

Trainings offered on the following dates:

March 18, 2020 – Lansing | [CLICK HERE](#) for more information and to register now

April 15, 2020 – Kalamazoo | [CLICK HERE](#) for more information and to register now

April 22, 2020 – Detroit | [CLICK HERE](#) for more information and to register now

Training Fees: (fee includes training material, coffee, lunch and refreshments)

\$115 CMHA Members

\$138 Non-Members

Pain Management and Mindfulness Trainings

Community Mental Health Association of Michigan is pleased to offer Pain Management Trainings presented by Tom Moore, LMSW, LLP, CCS, Owner and Principal, Two Moons, LLC.

This course qualifies for 2 CEs and fulfills the Michigan Social Work Licensing Board's requirement for licensure renewal for pain management.

Mindfulness is recognized as a component of DBT, however it has now been expanded into Mindfulness Based Stress Response, Mindfulness Based Cognitive Therapy, and Mindfulness Based Relapse Prevention. Mindfulness proves an effective intervention with any type of impulse control issues. In addition, research proves Mindfulness as an important strategy with chronic pain. Participants attending this training should expect an overview of mindfulness applications in regard to pain management; realizing the relationship between nociceptive, neuropathic, and affective pain; and understanding the benefits of Mindfulness regarding chronic pain management and being able to determine appropriate candidates for Mindfulness.

This two-hour training WILL NOT provide a level of competency in Mindfulness interventions within clinical sessions.

Trainings offered on the following dates:

March 17, 2020, 2:00pm-4:00pm – Lansing | [CLICK HERE](#) for more information & to register

April 23, 2020, 9:00am-11:00am – Detroit | [CLICK HERE](#) for more information & to register

Training Fees: (fee includes training material)

\$39 CMHA Members

\$47 Non-Members

Managing Mental Health Crisis

Program Overview:

This course is designed to provide participants with a better understanding of mental illness as it relates to law enforcement. Managing a Mental Health Crisis (MMHC) is a culmination of knowledge and skills developed by law enforcement and mental health professionals with the intention of promoting effective and high-quality responses to mental health related incidents.

Dates:

February 17–18, 2020 - Pines Behavioral Health

January 22nd – 23rd, 2020 - CNS Healthcare

March 17th – 18th, 2020 - Bay College – Joseph Heirman University Center

April 15th – 16th, 2020 - M-TEC University Center

Autism & Intellectual Developmental Disorders

Program Overview:

This course is designed to provide participants with the knowledge and skills required to provide effective, equitable service to people with intellectual and/or developmental disabilities including autism spectrum disorder. The content presented in this course is a culmination of information from a partnership of mental health and law enforcement professionals. Development and funding for this course is courtesy of The Michigan Department of Health and Human Services.

FOUR 2-Hour Sessions Available:

January 14, 2020

January 21, 2020

January 28, 2020

Training Location:

Madison Heights Police Department

For more information and to register, see training flyers [HERE](#).

New! Webinar: Solutions to Behavioral Health Workforce Shortages and Lack of Funding

You are invited to a Zoom webinar, sponsored by the National Council on Aging:

When: Jan 23, 2020 12:00 PM Eastern Time (US and Canada)

Topic: National Coalition on Mental Health and Aging Webinar Series- Solutions to Behavioral Health Workforce Shortages and Lack of Funding

Presenter: Ron Manderscheid, Ph.D.

Presenter bio: Dr. Manderscheid is the Executive Director of the National Association of County Behavioral Health and Developmental Disability Directors and the National Association for Rural Mental Health.

Register in advance for this webinar:

https://ncoa.zoom.us/webinar/register/WN_uLHeKymqQT-6-fjstSoxHA

After registering, you will receive a confirmation email containing information about joining the webinar.

New! Upcoming Webinar - Tips & Tools for Implementing the Primary Care Behavioral Health Model

Date: Wednesday, January 22, 2-3 p.m. ET

The Primary Care Behavioral Health (PCBH) model, a team-based approach to managing complex health conditions in primary care, has been well researched and applied in primary care. The goal of the PCBH model is to improve and promote overall health within the general population, recognizing that half of all patients in primary care present with psychiatric comorbidities.

While the PCBH model is geared toward primary care, behavioral health provider organizations are well-positioned to adopt PCBH approaches to address physical health in behavioral health settings.

Find out how you can adopt PCBH strategies in both primary care and behavioral health settings during **“Tips and Tools for Implementing the Primary Care Behavioral Health Model,” a webinar hosted by the [Center of Excellence on Integrated Health Solutions](#) on January 22 from 2-3 p.m. ET.**

Presented by Andrew Philip, Ph.D., Senior Director, Clinical and Population Health at the Primary Care Development Corporation (PCDC), and Clarissa Anguilar, Ph.D., Director of Psychology and Training at Northwest Integrated Care Clinic.

During this webinar, you'll gain:

- A roadmap to developing a strong integrated team with examples of best practices and lessons learned from successful implementation.
- Core components to developing and implementing an effective PCBH model.
- Effective communication and engagement strategies to create organization-wide buy-in.

Abilita provides telecommunication guidance

There are many secrets we have learned and refined over the years as communications technology consultants. Here are our top 6 cost reduction secrets:

1. Start with the easy stuff

Sometimes there's SO MUCH to do, you don't know where to start. Start with the no brainer, slam dunk, home-run tasks: telecom bills that are largest. These have the most potential for savings and will make the biggest impact.

2. Look at the bills...and don't just assume if the bill is the same as last month, all is good! We at Abilita normally find ourselves working in between finance and IT. Finance looks at the bills, but doesn't know what the services are for. IT doesn't look at the bills, but generally knows what the bills are for. Document what each telecom bill is for and the services received.

3. Keep contract copies

A LOT of our clients simply don't keep track of their contractual documents with their telecom providers. Having a countersigned copy of the contract is particularly rare, but necessary. Some contracts have an auto-renew clause. Make sure you keep track of contract end dates so you can negotiate better rates upon contract renewal.

4. Make sure everything is under contract

Contract rates will be lower than off-the-shelf pricing. All of your circuits and services should be included in your contract to receive the lower rates.

5. If you don't know what it is, cut it

We consistently find savings on unused and unnecessary services. We suggest you request a CSR (customer service record) to help determine the location and description and eliminate those no longer needed.

6. BUT...be careful what you cut

I realize this contradicts #5, however you will want to identify all of your circuits and Monthly Recurring Costs (MRC). One technique we use is to either unplug or have the LEC "busy out" a circuit. Then if still needed we can turn it back up in a matter of minutes.

All this can be complicated and time-consuming. That's where Abilita can help you and your staff! As leaders in the communications technology consulting industry, we average 28% savings for our clients, and there is great satisfaction in knowing your inventory is up-to-date and your pricing is as low as possible. For help on this or any other communications technology project, contact your Abilita consultant today.

You can also schedule a 10 minute phone call to explore how we can help to reduce costs at your organization. Please forward and share this email with any other interested staff.

myStrength: new digital behavioral health resources empower consumers to move beyond trauma

Click at left for a video overview of the new Moving Beyond Trauma program

Trauma is incredibly common. Approximately 90% of U.S. adults have experienced at least one traumatic event in their lives, which can adversely affect emotional well-being and interfere with relationships, work and overall quality of life. Expanding on our diverse whole-person resources, Livongo for Behavioral Health by myStrength is pleased to announce new, digital tools to help individuals Move Beyond Trauma. Leveraging gold-standard, evidence-based approaches including cognitive behavioral therapy (CBT) and mindfulness, these web and mobile resources: Address a wide range of trauma types from military deployment and assault, to natural disasters, accidents and other traumatic events

Empower individuals to manage discomfort and distress with actionable, in-the-moment coping skills to manage their daily symptoms

Normalize thoughts, feelings and experiences to help consumers understand that there is a way forward that has been proven to work for so many others

Complement Livongo's whole-person platform, which addresses chronic physical and behavioral health conditions including diabetes, stress, hypertension, and more

Relias: build your staff's competence in recovery treatment

Training on substance use disorders, integrated care, peer support, and evidence-based treatment plans can help your staff achieve better outcomes, remain in compliance with regulations and standards, and improve the awareness and reputation of your behavioral health organization.

Relias provides training on substance use disorders, including the use of screening tools and risk assessments, prevention and treatment. Request a meeting to discuss how we can help your staff provide better care to those in recovery.

[Request a Meeting](#)

P.S. The substance use treatment profession is changing. Watch our recent webinar, The Substance Use Professional of the 2020s, to hear Aaron Williams from the National Council discuss how organizations can help their staff possess and apply the core competencies needed to care for those in recovery in the coming decade.

CMH Association's Officers and Staff Contact Information:

CMHA Officers Contact Information:

The Officers of the CMH Association of Michigan recently proposed, in their commitment to fostering dialogue among the members of the Association with the Association's leaders, that their contact information be shared with the Association membership. While this dialogue will not take the place of the regular dialogue and decision making that occurs during the meetings of the Association's Executive Board, Steering Committee, Provider Alliance, Association Committees, Directors Forum, PIHP CEOs meeting, nor any of the great number of Association-sponsored and supported dialogue venues, the Officers want to ensure that the members of the Association can reach them to discuss issues of interest to the Association's members. The contact information for the officers is provided below:

President: Joe Stone Stonejoe09@gmail.com; (989) 390-2284
First Vice President: Carl Rice Jr; cricejr@outlook.com; (517) 745-2124
Second Vice President: Craig Reiter; gullivercraig@gmail.com; (906) 283-3451
Secretary: Cathy Kellerman; balcat3@live.com; (231) 924-3972
Treasurer: Randy Kamps; randyk@4iam.com; (231)392-6670
Immediate Past President: Bill Davie; bill49866@gmail.com; (906) 226-4063

CMHA Staff Contact Information:
